Flexible EN74-1 Standard Scaffold Clamp Coupler For Construction

Our Product Introduction

Basic Information

- Place of Origin: china tianjin
- Brand Name: scaffolding coupler
- Model Number: BM201
- Minimum Order Quantity: 1000
- Price: 4.5
- Delivery Time: 15-25

Product Specification

- Application: Construction
- Type: Right Angle
- Color: Silver
- MOQ: 1000
- Standard: EN74-1
- Feature: High Strength
- Surface Treatment: Galvanized
- Package: Container
- Highlight: **EN74-1 Scaffold Clamp Coupler**, **Construction Scaffold Clamp Coupler**, **Flexible Scaffolding Coupler**

Product Description

Product Description:

Scaffolding Coupler

The Scaffolding Coupler is a building fastener made of high-strength steel. It has a right-angle design with Japanese coupler and scaffolding putlog coupler features. This product is ideal for construction purposes, due to its superior strength and durability. It can be installed quickly and easily, making it a great choice for any job requiring a reliable and strong material.
The Scaffolding Coupler is designed to be long-lasting and provide a secure fit. It is corrosion resistant and can withstand harsh outdoor conditions. The coupler is also designed to be lightweight, making it easy to install and transport.
The Scaffolding Coupler is a great choice for any construction project. It is strong, durable, and easy to install, making it an ideal choice for any job requiring a reliable and strong material.

Features:

Product Name: Scaffolding Coupler
Application: Construction
Package: Container
Type: Right Angle
Material: Galvanized steel
Feature: High Strength
Advantages: Scaffolding double coupler, scaffolding sleeve coupler, right angle

Technical Parameters:

Name	Parameter
Name	Scaffolding Coupler
Type	Right Angle
Color	Silver
Material	Steel
Standard	EN74-1
Feature	High Strength
Surface Treatment	Galvanized
MOQ	1000
Application	Construction
Package	Container
Keywords	British coupler, scaffold clamp coupler, Japanese coupler, scaffolding fitting

Applications:

The **scaffolding coupler** is a must-have item for construction companies and building contractors. It is designed to be used in combination with a **scaffolding sleeve coupler** to provide a secure connection between two scaffolding tubes. This **scaffolding coupler** has been made from **hot dipped galvanized steel**, which makes it rust-resistant and extremely durable. The **Model Number** for this **scaffolding coupler** is **BM201**, and it comes from **China Tianjin**. The **Minimum Order Quantity** for this product is **1000**, and its **Price** is **4.5**. The **Delivery Time** for this product is **15-25** days. This **scaffolding coupler** has a **Right Angle** Type and it meets the **EN74-1** Standard. It comes in a **Silver** Color and its main **Feature** is its **High Strength**. This **scaffolding coupler** is ideal for use in **Construction** projects, and it can be used with other **Fixed fasteners** for increased strength and stability.

Customization:

Scaffolding Putlog Coupler - BM201

Brand Name: Scaffolding Coupler
Model Number: BM201
Place of Origin: China Tianjin
Minimum Order Quantity: 1000
Price: 4.5
