Product Description

Feature:

Product Name: Frame System Scaffolding
Arrival time: 10-15
Color: Steel/Spray Plastic
Size: Customized
Material: Q235
Load Capacity: High
Portal Frame Scaffold Beams
Scaffolding frame system
Scaffold mobile frame

Technical Parameters:

Product Name	scaffolding frame system
Color	Steel/Spray Plastic
Load Capacity	High
Arrival Time	10-15 days
Shipping Origin	China
Material	Q235
Size	Customized

Applications:

The Bythai BT205 Scaffold Frame System is ideal for use in a variety of construction applications. It can be used for building construction, bridge construction, and even for maintenance work. The scaffolding system for construction is easy to assemble and disassemble, which makes it perfect for projects that require frequent movement of scaffolding.

With SGS ISO certification, you can be assured that the Bythai BT205 Scaffold Frame System meets the highest safety standards. The scaffolding system is designed to provide a stable and secure platform for workers, which reduces the risk of accidents and injuries on the job site. The high load capacity of the scaffold frame system ensures that it can handle heavy equipment and materials, which makes it perfect for use in industrial applications.

The Bythai BT205 Scaffold Frame System is available in a variety of colors, including steel and spray plastic. This allows you to choose the color that best matches your requirements. The minimum order quantity for the product is 1000 units, and the price ranges from 10.5-35.5 per unit, depending on the order quantity.

The packaging details for the Bythai BT205 Scaffold Frame System are in bundles, which makes it easy to transport and store. The delivery time is 10-15 days, and the payment terms are TT/TC. The shipping origin is China, and the expected arrival time is 10-15 days after payment.

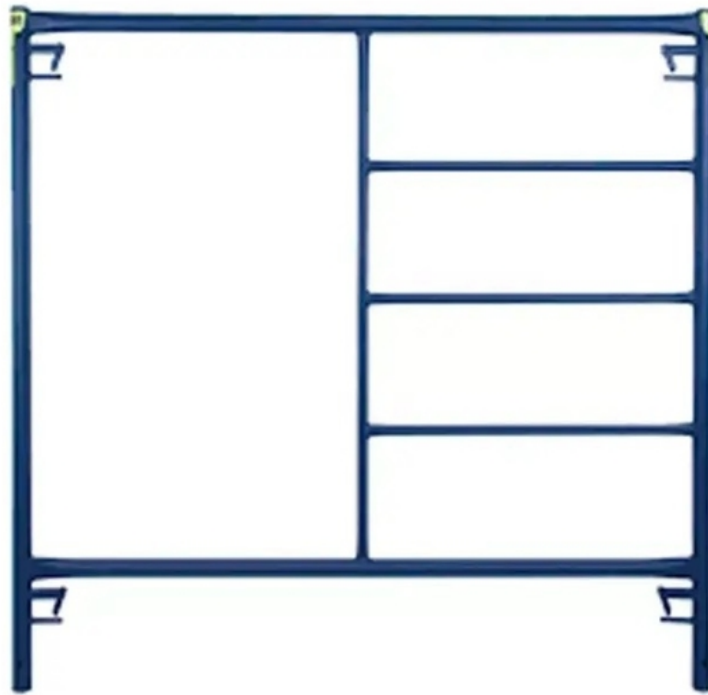

In summary, the Bythai BT205 Scaffold Frame System is a versatile and reliable scaffolding system for construction. Its high load capacity, easy assembly and disassembly, and variety of colors make it an ideal choice for a wide range of applications. With SGS ISO certification and a strong reputation for quality, you can be assured that the Bythai BT205 Scaffold Frame System will provide a safe and secure platform for your workers.

Customization:

Customize your Bythai BT205 scaffolding frame system with our product customization services. Our portal frame scaffold accessories are made with high-quality Q235 material and come in two color options, steel or spray plastic. The scaffolding frame system has a high load capacity and is certified by SGS ISO.

The minimum order quantity is 1000 and the price ranges from 10.5-35.5 per unit. The packaging details include bundling and delivery time is estimated to be 10-15 days. Payment terms are TT/TC and shipping originates from China.

Order now and receive your customized Bythai BT205 scaffolding frame system with all the features you need for your project.
